WORK EXPERIENCE

09/2020 - present

Pain Medicine/Neurology Attending Physician - Department of Veterans Affairs, Washington DC (full time) - clinical duties include the evaluation and treatment of patients with chronic pain conditions in the multidisciplinary pain clinic, covering medication management, nonpharmacologic management, and interventional image guided procedures. Additional clinical duties include evaluation and treatment of patients in outpatient and inpatient settings with a variety of neurological conditions. Job includes supervision of residents and working with a multidisciplinary pain team.

07/2019 - 07/2020

Pain Medicine Fellow - University of Virginia (full time) - evaluation and treatment of patients with chronic pain. Responsibilities include clinic and hospital evaluation and medication management, performing fluoroscopically guided and ultrasound guided procedures, implantation and management of neuromodulation devices. Other job responsibilities include responding to patient inquiries through the electronic medical record or phone and coordination of a multidisciplinary healthcare team.

07/2016 - 07/2019

Neurology Resident - Mayo School of Graduate Medical Education (full time) - evaluation and treatment of patients with disorders of the central and peripheral nervous system. Practice settings include hospital inpatient and outpatient. Procedural experience includes lumbar puncture and EMG. Other job responsibilities include interpretation of medical imaging, responding to patient inquiries through the electronic medical record or phone and coordination of a multidisciplinary healthcare team.

07/2015 - 07/2016

Preliminary Year Resident – Mayo School of Graduate Medical Education (full time) - evaluation and treatment of patients with disorders seen in the practice of internal medicine in both inpatient and outpatient settings under the supervision of a senior resident or attending physician.

07/2008 - 06/2011

Walgreens Pharmacy
Pharmacy Technician

Enter prescriptions, process insurance claims, coordinate care with other members of the healthcare team
